

NEON TREES

HEARTSPRING GALA

Supporting Therapies and Special Education
for Children's Neurodevelopment

April 12, 2025 • INTRUST Bank Arena

Heartspring continues to grow as a national destination for families needing therapies and special education for their children with neurodevelopmental delays and disorders.

From autism to the earliest recognition of delay in an infant or toddler's development, we're building a continuum of services that address the most common needs in pediatric neurodevelopment across stages of childhood and adolescence.

We're just beginning to open the doors of potential in new and continuing partnerships with leading medical organizations. Our future multi-clinic facility in Wichita's Health Care Corridor will be a state-of-the-art center for diagnosis, treatment and community building.

This future and the work we do today create new possibilities for the 1 in 6 affected families who can't yet see beyond their day-in, day-out struggle to find the right care for their child.

We need your partnership as we create these possibilities.

Join us as we change how neurodevelopmental health care and education is provided—generating significant economic and societal benefits.

The Heartspring Gala, headlined by Neon Trees, is a night that's set to pulse with energy, color and unforgettable vibes. It's a night to celebrate positive impacts already made, and connect with others who also want to be change-making financial supporters and our partners in possibility.

Join us and let's make this night as electrifying as the Neon Trees themselves!
